MEMORANDUM FOR RECORD

SUBJECT: Planning Directive No. 2d

1. The action prepared in compliance with Planning Directive 2c was reviewed this date. Decision was made that the action as prepared should not be used, but that action instead would be taken as follows:

a. The Information Branch is to prepare a letter for the Admiral's signature, stating in effect that the coordination has been satisfactorily accomplished and expressing appreciation for the assistance and information given.

b. The Chief, Information Branch, will send a letter directly to Dr. Eckler informing him that the proposed next meeting is not within ~~of~~ purview, since the agencies listed are not sufficiently concerned with the problem of national security. This letter will forward a copy of the list, however, for the convenience of Dr. Eckler and Dr. Jaffee.
